FOR 「BLUE FILM」

Post-script

I'm really short on time, so sorry for writing this by hand!

This book is an extra to *Hydra*. This isn't actually the main(?) couple. It's more like Taira and Hitomi's Vita Sexualis* ...or something...I'm sorry...Also, if this is Blue Film First, does that mean there'll be a second?? Hmm, I wonder...

This story takes place when they're twenty, and have just started university. Their hairstyles have changed somewhat.

*T/N: Classic Japanese novel by Mori Ogai in Meiji period. Initially banned after its release, it's half erotic novel and half the author's genuine struggle with the issue of sexual desire.

I kinda wrote this for adults only, but it might not be. But you can see their ***'s, so...maybe it should be rated 15....I can't decide....

I ended up writing this after imagining that at this age, those two would be at it like rabbits most of the time. The truth is, I wanted to make this even more explicit, but as it is, I can only offer my apologies. I'm so very sorry. Wah- It only ended up with 50% of the sex I originally wanted to have in it. And half of that was just a dream, anyway...

Next time I'll put in 120% sex!!

↑ (lying)

I know all this porn is kind of shallow...but I had so much fun drawing it!

Hairstyle changes

Second year of uni. The time this book takes place.

First year of university. Hitomi tells him to start growing his hair, so he does.

Later on in his third year. Bozo* hairstyle. Wears glasses and his ear is pierced.

Beginning of third year in high school / Long hair

blank (laugh)

26 years old. Transformed into Hikaru.

*By the way, his real hair colour's black.

By the way, I'm sorry about sneakily changing Taira and Hitomi's hairstyles while you weren't looking. So just in case you were wondering when the transformation from Taira to Hikaru took place...

I'm hoping to draw more material to fill the vacuum between Hydra and Rules. But nothing really happens in that time, so..."

...What messy pictures..."

* I know it's hard to keep track of the character's appearances. Let's identify them by their eyebrows from now on!

*T/N: Priest/monk

Short and neat.

University time.

High school time.

I'm constantly changing character's hairstyles. "

It's simply because I get tired of drawing the same old hairstyles all the time. I know that's a lame reason...

At the moment (in the time this story takes place), Hitomi's hair is the longest out of all of them. He is secretly working towards having the same hairstyle as Ryuu.

He's going to cut it all off again soon, though.

But he's got very fine hair, so he never managed to make it look the same. <- He only just realised that now. (laugh)

He's the main character and a beautiful guy (...at least I hope that's how I drew him), but still...for some reason it feels like Hitomi's been a bit overshadowed recently.

Maybe he's just eternally misfortunate??

This is Ryuu.

I really am going to release Hydra 9 next! For real this time!!

If you have a chance, please check out the series I have running in magazines. In 2004 you'll find them in Biblos, Shinshokan and so on. And Rules is currently being serialised in Kanan (Shoubunkan company)! Rules vol2 will go on sale in March '04. ❤

Well then, let's meet again in the next book!

Meiji-san, Dwarf-san, if it wasn't for you guys I could never have released this book.

No, really. Thank you! Thank you so much!

giggle

There are a lot of strange people on this page...

★ Anyway, thank you very much for reading to the end. I hope you'll continue to follow the story. ❤

It's all thanks to you that I can keep drawing manga. You can't imagine how happy that makes me!! I'll definitely keep working hard.

I should be releasing Hydra 8...er, I mean 9, for winter comiket. I'm drawing like crazy to get it finished in time.

doom

I'll try my beeest!
